3) The Expression market is also very wide and includes an open unbuilt space also. There is no structure for the "Sante Till now itinerant trader's tax, was levied for those that vended their commodities in the "Sante' Market includes fairs, santes or weekly markets and daily markets. A market is a public place for buying and selling (Abu Baker Vs. The Municipality of Vagapatam I.L.R.29 Mad 185) and includes the soil also. No person is entitled as of right to occupy to the exclusion of others, any portion of the soil for the purpose of exposing goods for sale in a market or fair, without the consent of the person in possession of the soil (Northampton Corporation Vs Ward, 2 Stra 1238) (Please see Dr Doraswamiengar's Municipal Corporation in British India Vol III page 376 and onwards)

In this Taluk alone fees are levied by the Taluk Board in the weekly shandy held at Chandapur from 1909 though there was no building till 1919-20 Even now very few occupy the building and what is levied is the ground rent (Vide Government Order No 3707-8/L - 336-07-6 dated 19th October 1909) Such Sante fees are levied in various Taluk Board areas and Municipalities as ground rent.

In the light of the above, market is a general term for places where people congregate for buying and selling There is no condition that there should be building alone Therefore the Government may be approached to be pleased to sanction the byelaws submitted - now

As the Government have not sanctioned the byelaws yet, the Municipality has lost an income of about Rs 200/- for the current year - when the expenditure of the Municipality is more than the income.
